BI-ANNUAL NEWSLETTER

FEBRUARY 2025

FTHS Director Calista Stephens serves up warm cinnamon rolls with OHS Museums and Sites Director Chantry Banks

## FORT TOWSON'S 200<sup>TH</sup> YEAR

2024 was an event-filled year for the Fort Towson Historic Site, with a historic eclipse and 200th anniversary commemoration in addition to our regular programs. Through the year our staff gained a more personal perspective of the soldiers who served at Fort Towson, along with the nation and Native peoples they were here to serve. We are thankful for each volunteer, guest, colleague, and friend who participated and made the year momentous.

To begin the next chapter in the life of Fort Towson, we have decided to share a bi-annual newsletter. We hope you enjoy learning about the great programs and events we are involved in and that you will come and be a part of the fun.

Here's to the next 200!

## CAROLYN WATSON RURAL OKLAHOMA COMMUNITY FOUNDATION GRANT

The Fort Towson Historic Site received a \$10,000 grant from the Carolyn Watson Rural Oklahoma Community Foundation to support the annual History Camp and to add clothing to the site's living history closet. History Camp is a three-day camp for students ages 9-13. The camp was free in 2024 thanks to the grant. Clothing from the living history closet includes military, women's and children's garments and may be checked out by volunteers to use in OHS programs.

New this year were Zoetrope Old Time Music, Dutch oven cooking, and a 4-H petting zoo. Santa and Mrs. Claus greeted youngsters with handmade toys provided by the late Ron Engel-Wilson.

## WOODTURNING CLASSES AT WRIGHT CITY SCHOOL

Keith Couch, Fort Towson Historic Site's head of maintenance, assisted with the Beginning Woodturning classes at Wright City School. ## DAVID C. REED ARTICLE FEATURED IN THE CHRONICLES OF OKLAHOMA

Congratulations to David C. Reed on being published in *The Chronicles of Oklahoma*! The article tells of the life of Patrick Alden Farrelly, including his time at Fort Towson during 1850. To learn more, read the article in *The Chronicles of Oklahoma* Volume CII, Issue 2, Summer 2024.

## SUTLER STORE GETS NEW SHINGLES AND GUTTERS

The sutler store received an update with new cedar shake shingles and historically accurate gutters. The gutters are simple, unlined troughs that channel water, protecting the exterior of the store from excessive water damage. In addition to work on the sutler store, new shingles and exterior work were done on the “old lab” in the maintenance area.
